*Working with a South Florida Law Firm, Proxy1Media Successfully achieves first page Google Ranking for over 3 of their main legal categories and key words using search engine optimization.*

Boca Raton, FL ([prHWY.com](http://prHWY.com)) December 5, 2010 - **Proxy1Media Ranks Law Firm using SEO in 30 days/1st Page!**

Working with a South Florida Law Firm, Proxy1Media Successfully achieves first page Google Ranking for over 3 of their main legal categories and key words using search engine optimization.

**Proxy1Media's Project Manager stated,** "After completing a website for a legal firm here in Boca Raton, we soon launched their seo program. Interviewing one of the partners and getting how specifically their current workload changes with the seasons, with their clients' needs and with legal updates/changes has helped us take the firms main categories of legal practice, combine it with their geography-of-preferred-business and compared this against "Current Search" / their Current Competition to carefully construct a Search Engine Optimization Campaign that quickly landed them on many of Google & Bing's first page for many of their key words and areas of practice."

**The head of Proxy1Media's SEO departments stated,** "Working on Local Search terms called "Long-Tailed-Search" has given us success. With many aspects of SEO working in our favor like Google's newer Places account, our Geo-Meta-Tag -Targeting, our Local Key Inclusions/density, Related Press Release Marketing and with also the help of some pretty new and powerful systems like FastPitch & Thumbtack it is much easier today to get a company to rank for these local/long tailed search terms. Our next goal with this or any other SEO Client would be getting their company URL's to rank for a County and Region Related Searches." Please see our Blog or company website for any other updates or examples why we are the number one choice for ANY SEO in Boca Raton.
