
Proxy1Media Launches Google's NEW SiteLinks 4 better PPC Branding

Adding this new tool from Google has help us with better branding for our PPC clients

Boca Raton, FL (prHWY.com) December 17, 2010 - Proxy1Media Launches SiteLinks 4 better PPC Branding/New from Google.

Adding this new tool from Google has help us with better branding for our PPC clients. Using this new tool from Google enables a Pay Per Click Manager to take up more on screen real-estate when running their ppc ads, pushing down competitors further on the search engine results page while also drawing my attention to their ads.

Here at Proxy1Media, we take our PPC clients Spend & Return on Ad Spend very serious. Any time Google launches a new campaign or implements new tools we are a 1st to implement them to the fullest extent.

We would also like to remind anyone that is in the market for any [Pay Per Click in Boca Raton](#) Services that by using Proxy1Meida you will receive at least two Google-Certified Mangers and 1 project manager for each account you run thru us.

The Proxy1Media Difference: What distinguishes P1M from the competition is our extensive knowledge of Internet marketing, from A to Z and our values:

- * We are absolutely customer-centered.
- . We listen. We interact.
- * We like technology, and we stay on top of it.
- * We are transparent: we show you what, how, and why we do things.
