Boca Raton, FL (prHWY.com) December 22, 2010 - **HAD A GREAT EXPERIENCE WORKING WITH PROXY1MEDIA!**

They built us a great site and has always been there when we've had any questions. They have spent hours explaining google campaigns to us so we don't over spend, They helped us set up our initial branding for our new business, they have provided us with many avenues of internet marketing ideas along with Search Engine Marketing Strategies to help overcome many of our industry competitors and even general marketing help (non-internet related).

We are currently on the 1st page of Google for many of our industry related search terms and Dave over t proxy1media even set up tracking on our website for us for FREE. We made the right choice by going with Proxy1Media, we have recommended them to many of our clients and look forward to using them again with their Google Certified Staff and professional attitude. THANKS! - Matano Motorsports
