Dallas, TX ([prHWY.com](http://prHWY.com)) February 20, 2011 - The question regarding who Charlie B, the 19 Year Old Pop Sensation would sign with has been answered. The Winner...CMG Records!! CMG Records inked a deal with Charlie B earlier this week after months of conversations and multiple offers from Major Labels. Charlie B is billed to be the next multi-talented Pop superstar to be introduced to the market since Michael Jackson. There will be a great deal of expectations and pressure given his unlimited potential as a singer, song-writer, and dancer.

Charlie B has lived in the Dallas area for the last 9 months and in that timeframe managed to make a pretty big name for himself locally and nationally. He signed with Collins Management Group (<http://www.collinsmanagementgroup.com>) in March of 2010 and within two months released his first single "Merry Go" independently. The single managed to chart in the Top 10 in adds to radio rotation, received nearly 1,000 spins a week on radiowaves for nearly two months and was featured on iTunes for 4 weeks. His second single "Live It Up" was released nearly 6 months later and garnished nearly triple the exposure of his first single. This fact in conjunction with all of the tangible and intangible talents Charlie B possess has proven to be a major catalyst for all for all of the Major label attention.

The 19 year old singing sensation Charlie B, was born and raised in the small town of Plainview Tx. Singing has been a passion of Charlie B's since the age of 7 when he did his first major performance in front of a live audience of over 1000 students at a local university. Moon walking across stage, Charlie received a standing ovation. As Charlie grew older he began learning and working as a choreographer. As he has surrounded himself with talent & producers, a great guideline has been provided for him to follow.

At the age of 16 Brett Nevelle Collins AKA Charlie B lost his mother to a massive heart attack and stroke. This life altering event created an even bigger focus, and drive for charlie to succeed, and fulfill the dream that his mother had to see in him. She is his guiding light.

Other inspirations are his stepmother, father, Michael Jackson, Justin Timberlake, Usher, and James Brown.

Charlie B has also performed live in some of the nation's most renowned venues including House of Blues on two occasions.
