By Randy - May 13, 2010

We have worked with [Proxy1Media](http://Proxy1Media.com) for marketing. Dave at Proxy1Media.com was very helpful with our budget and Internet Marketing Ideas. We trust he knows the industry and will get us the best possible rates, pricing and success for what our budget will allow. *(We launched a Pay-Per-Click Campaign with Proxy1Media and got leads in less than 3 days!!!). We would recommend them to any business for beginner to advanced internet marketing needs. www.JenkinsAutoSales.com

Proxy1Media.com - Dream Come True

It was nice to finally find a company that knew what they were talking about! Dave took the time to explain all the details and interworkings of web design and search engine optimization. The experience was a breeze, educational and friendly. The work was done on time with great professionalism. Dave and his team are GREAT!!! We have referred clients to [Proxy1Media](http://Proxy1Media.com) and they are all just as pleased! Theresa R. with www.weicklaw.com
