## WHEN THANK YOU ISN'T ENOUGH: TEXAS PASTOR SAYS PEOPLE NEED TO DO "MORE" THIS HOLIDAY SEASON

*Pastor Keion D. Henderson of The LightHouse Church in Houston, Texas is encouraging people to do more than give "Thanks" this November.*

Houston, TX ([prHWY.com](http://prHWY.com)) November 11, 2013 - HOUSTON, Nov. 2013 - Pastor Keion D. Henderson is the founder and senior pastor of The LightHouse Church in Houston, Texas. His church, averaging over 2,000 members in the last four years, is one of the faster growing churches in the nation. Aside from delivering the word of God and having a "right on time" approach to preaching just what his congregation needs to hear, Pastor Henderson is known for his charisma, sense of fashion and undeviating sermons. This November, Pastor Henderson is launching his "Give Thanks by Doing More Than Saying It" campaign.

"I speak real truth, about a real God and believe that talk is cheap. God sent his son to do work here on Earth. Saying a simple thank you at a Thanksgiving dinner isn't enough of an acknowledgement of our blessings. We need to be doing more," said Pastor Henderson. "This campaign isn't only a challenge for my parishioners. In fact, it is a nationwide challenge. Give up the football game or the shopping spree this Thanksgiving. Instead, donate that time!"

Pastor Henderson's "Give Thanks by Doing More Than Saying It" campaign may be freely adopted by any church anywhere in the nation or the world. "The concept is simple. Give thanks by giving back. I want the focus this Thanksgiving to get people outside of their comfortable and warm homes and take them to the streets. Making a difference is what counts. It was what Jesus called upon us to do," finished Pastor Henderson.

Pastor Henderson is inviting the public to visit The Lighthouse Church and/or submit an interview request on any of today's questionable "hot button" topics, including stem cell research and abortion. Pastor Henderson can be reached directly at @PastorKeion on Twitter & Instagram.
