## Allyos Ltd. to Launch Crowd Shopping Mobile App and Go Live on Indiegogo

*Allyos is a new mobile application that brings crowd shopping right to your fingertips in a sleek and user-friendly format. Users will be able to opt in on incredible deals for just one dollar and support a charity while scoring big.*

San Francisco, CA ([prHWY.com](http://prHWY.com)) September 21, 2017 - What could be more thrilling than purchasing a \$52,000 car for as little as a dollar? Allyos provides shoppers with the opportunity to buy a new car, the latest smartphone, or a stunning watch for as little as \$1. Any deal can be joined for \$1 and even when bidders do not win, they'll be able to benefit from discounts starting at 2% and building from there. Opting in takes only a tap of a button and categories and search features allow users to quickly find items of interest. The app ensures equal opportunity for every shopper to get in on a deal by blocking "in" users from adding more money for an hour. Regardless of how much money a shopper has to spare, everyone will enjoy an equal playing field and have the same opportunity to score on deals. The mobile app is easy to use, ensuring that users can focus on the incredible offers.

The best part is, shopping through Allyos lends support to charities and relief efforts. Allyos is combining shopping bliss with philanthropy for a magical new experience. 1% of total sales will be donated to a Charity of the Week chosen by Allyos users. With big-ticket items and multiple sales per day, these organizations could be seeing thousands of dollars coming their way as a result of purchases made through the app. Allyos members can also be part of the support for major disasters and other catastrophic events, assisting in fast relief for those in need. Even when a user only pays \$1 for a deal, they could be helping raise hundreds for the chosen charity.

The Allyos application will first debut on Indiegogo in Q4, 2017. Perks on the world's leading crowdfunding site will include exclusive, once in a lifetime benefits in limited amount, reserved for crowdfunding backers only. These features will not only let Allyos users big ticket limited edition items but also the opportunity of earning an income.

Allyos can be checked out on their website, social pages or watch their tutorial videos on YouTube. Pre-orders can be placed there, which ensures that no one will miss out the launch date of the crowdfunding campaign and can stay tuned for insider info on this highly interesting innovation.
