## Westminster Security is a London Security Company Specialised in Providing Close Protection Services

*Westminster Security is an independent London based private security company providing professional Close Protection, Door Supervisors, Surveillance services, Retail Security, Event Security and Residential Security.*

London, United Kingdom ([prHWY.com](http://prHWY.com)) November 26, 2018 - Westminster Security Ltd mainly operates in Central and Greater London areas, but have the capability of providing manpower to operate anywhere in the UK, Europe or worldwide. It is the first security company that comes out of London to adhere to the Armed Forces Corporate Covenant pledge. The firsts don't stop here because Westminster Security is also the first security company in London that joined the London Living Wage scheme.

Established by a former Royal Military Police close protection officer, this private security company sets out to establish unprecedented standards in customer and security service. Drawing upon experience ranging from high-risk royalty protection at home and abroad and retail security, Westminster Security is a security company known to combine the highest levels of professionalism with unmatched industry knowledge.

Each operative is handpicked for every mission according to their specific skill set and achievements in Navy, Royal Air Force, Army and the Police. This process ensures that the highest levels of security and customer service are being achieved.

About us:

Westminster Security is a professional security company with many years of experience in providing the highest levels of security services. Each customers is assured that the highest standards of security services are being met.
